

A digital illustration of a cozy interior at night. On the left, a portion of a tan leather armchair is visible, draped with a blue and white patterned blanket featuring geometric and floral designs. The room has teal-colored walls. A large window on the right looks out onto a dark night sky filled with numerous small stars and a prominent, bright white crescent moon. The floor is covered with a large, ornate rug in shades of blue, beige, and brown, featuring a central medallion and intricate border patterns. The overall atmosphere is peaceful and serene.

The Du‘a for Others

**Fatimah made du'a for her
sick friend.**

She did not tell anyone.

Allah loves du'as for others.

**She felt joy inside her heart.
Good deeds can be invisible.**

**Who will you make du'a for
today?**
