

Laylat Al-Qadr

**The night felt calm and
magical.**

Sofia asked, “Why is tonight special?” Mama said, “It might be Laylat Al-Qadr—better than a thousand months.”

**Sofia prayed with all her
heart.**

Allah listens closely tonight.

A photograph of a person sitting in a wooden chair, looking out through a window at a dark blue night sky filled with numerous small white stars. The person is wearing a brown patterned pajama top with white star shapes. The window frame is visible in the foreground.

**What will you pray for
tonight?**
